GRADUATE ACOUSTIC CONSULTANT

UPHAM, HAMPSHIRE | FULL TIME, PERMANENT | SUSTAINABLEACOUSTICS.CO.UK

Sustainable Acoustics Ltd is an award-winning acoustic consultancy and Certified B Corporation based in Hampshire. Our mission is to use acoustics to protect, connect and enhance society and ecology and our consultancy service is carbon neutral. We are looking for an enthusiastic, curious and ambitious graduate to join our small expert team. You will be working in a broad, hands-on role, measuring, modelling and reporting on live projects from your first weeks, with structured support in place for your professional development.

THE ROLE – YOU CAN EXPECT TO BE

- Carrying out sound & vibration measurements in buildings, on construction sites and in the field
- Undertaking calculations, acoustic modelling & data analysis using industry-standard software
- Preparing clear technical reports, design advice & drawing mark-ups
- Attending design team meetings & site visits with senior colleagues
- Monitoring noise at festivals & outdoor events
- Contributing ideas and collaborating with others.
- The opportunity to input into industry leading thought leadership around sustainable and regenerative acoustics.

WHERE YOU WILL DEVELOP

BUILDING ACOUSTICS

Acoustic design for schools, healthcare, housing, luxury hotels & hospitality, plus noise-at-work assessments and retrofit – alongside leading practitioners.

ENVIRONMENTAL ACOUSTICS

Noise monitoring & assessment for construction, festivals & outdoor events, with skills and knowledge development in planning, licensing & soundscape design.

BIOACOUSTICS

Eco- & bioacoustics as part of our regenerative approach – practical fieldwork and the study of natural soundscapes.

WHAT YOU WILL BRING

- A degree (achieved or expected) in acoustics, engineering, physics or a related discipline
- An interest in sustainability
- Strong written & verbal communication skills
- A methodical, analytical approach & attention to detail
- Enthusiasm, creativity & curiosity
- A UK driving licence and a willingness to travel within the UK and to work on site including outdoors.

WHAT WE OFFER

- Structured training & mentoring from senior consultants
- Progression towards IOA membership
- Early responsibility & direct client contact
- Genuine variety of work across sectors
- A values-led Certified B Corp culture
- Competitive salary & benefits [add details]

HOW TO APPLY

Email your CV and a short covering letter (by email) to HR@sustainableacoustics.co.uk by **15/08/26**. Full job description available on request or at sustainableacoustics.co.uk.

Sustainable Acoustics Ltd is an equal opportunities employer. We welcome applications from all suitably qualified candidates and are committed to a fair and inclusive recruitment process.
